

St. George's C.E. (V.A.) Primary School

Ethos Statement

At St. George's we value and celebrate our long history as a church school, and are proud that we were the first school to be established in New Mills.

We work in close partnership with St. George's Parish Church and with Derby diocese, and our Christian beliefs and morals flow through everything we do in school.

As a school, we aim to serve our local community by providing education of the highest quality within the context of Christian belief and practice. We encourage an understanding of the meaning and significance of faith and we promote Christian values through the experiences we offer to all our pupils.
