

# Welcome to Y1/2!

Dear children and families,

We hope you are having an amazing summer break. We are really looking forward to welcoming you back in September. Here are a few things that will help you to prepare and feel ready for the new school year.

Here are some photos of your new classroom. I have been busy organising it ready for September.

After lining up in the morning on the playground, you will say goodbye to parents/carers and walk down to the red door by the bike store with your class and teacher. At home time parents/carers will collect you from the same red door, a member of staff will let you go once they have seen your adult at 3.15pm.

In the classroom you will have a named drawer to store all the things you need. There is also a labelled coat peg outside of the classroom for you to hang your coat and store your footwear for woodland activities. You will have a desk with your name on which is where you will sit when we are working. We also have lots of areas for play and learning within our classroom and our very own outdoor learning area!

At playtime and dinner time our class use the top KS1 playground, there are lots of lovely things to do on the playground and we also have a trolley with balls and equipment to play with.

You will need to bring a coat to school each day and a book bag to carry any letters and your reading book. You will not need to bring any other learning materials as you have a new, named pencil case in your drawer with all the equipment that you will need for your learning. The PTA have also kindly provided a brand new water bottle for each child. These are labelled with your name ready for you to use on the first day back. You will need to take this bottle home with you each day and wash and refill it ready for the next day.

At play time the school provides free fruit as a healthy snack. You do not need to bring any snacks from home and there is no charge for snacks in year 1/2. All children in year 1/2 are also entitled to a free school meal at lunchtime.

#### Year 1/2 Staff:

Mrs. Tiffany

Mrs. Calvert

Miss Andrew

Mrs. Stanton

We are really looking forward to teaching you!

If you have any questions, please feel free to email. Further information about PE, woodland and topics will come home in September.

With best wishes

Mrs Tiffany and the year 1/2 team
