You can always do more than one!

- You find tracks in the snow. Where do they go? Write a story that leads the reader on an adventure.
- Write about a person or creature who lives in a snow cave. What do they do all day?

- Tell a story about a snow person or snow family. If they came to life, what would they want to do?
- Write about a lost scarf or glove.
- Create a conversation between two snowflakes.

Why don't snowflakes ever get lost?

Because they SNOW the way!
